---

Dedicated Full-Stack developer skilled in building responsive, user-focused, modern web applications with React, Tailwind CSS, and JavaScript while growing full-stack expertise in Node.js, Express.js, and MongoDB. Committed to delivering quality solutions through teamwork, time management, and continuous learning.

## Tech Stack & Tools

**Front-End** : HTML | CSS | JavaScript | React.js | Redux | Tailwind CSS | Axios | Next.js

**Back-End** : Typescript | Node.js | Express.js | JWT | Bcrypt | Stripe

**Database** : MongoDB | Mongoose | Prisma | Firebase

**Tools** : Git | GitHub | VS Code | Figma | Vercel | Netlify

**Soft Skills** : Teamwork | Time Management | Leadership | Collaboration

## Projects:

### GardenHub-(*Gardening Community Platform*)

[Client Repo](#) | [Server Repo](#) | [Live Site](#)

- Developed a responsive platform for gardening enthusiasts to share tips, find local gardeners, and join events.
- Implemented Firebase authentication with protected routes for managing user tips
- Developed filtering, liking, and dynamic dashboards with real-time data syncing.

**Technologies**: JavaScript, React, MongoDB, Mongoose, Express.js, Node.js, Axios, Firebase

### ArtifactAtlas-(*Heritage Tracking System*)

[Client Repo](#) | [Server Repo](#) | [Live Site](#)

- Designed a user-friendly system to track, update, and delete personal artifact entries securely.
- Integrated dynamic sorting, filtering, and search to discover artifacts by name and popularity easily.
- Implemented a toggleable like/dislike system with real-time count updates and database sync.

**Technologies**: JavaScript, Tailwind CSS, React, React Router, MongoDB, Mongoose, Express.js, Node.js, Axios, Firebase, JWT

### SwiftTasks-(*Micro Tasking & Earning Platform*)

[Client Repo](#) | [Server Repo](#) | [Live Site](#)

- Built a full-stack MERN platform with role-based dashboards for Worker, Buyer, and Admin.
- Implemented task management, submissions, withdrawals, and real-time notifications.
- Developed a responsive React frontend with Tailwind CSS and a secure role-based backend.

**Technologies**: React, Node.js, Express, MongoDB, Mongoose, Tailwind CSS, Firebase Auth, JWT

## Education:

Diploma in Computer Science and Technology(*Session:21-22*)

**Kishoreganj Polytechnic Institute**

## Language:

- Bengali (Native) • English (Intermediate)
